

Testing

SMP is a third-party technology company that measured the temperature and battery life of the Hott Seatt.

SMP used 80 lb water jugs (heated to 98.6 degrees Fahrenheit) to simulate a human body during the Hott Seatt testing process.

"P3 has developed a battery management system that optimizes and regulates a battery's power delivery to improve performance and extend the life of a portable device. Products developed or adapted with P3 technology are more energy efficient with improved performance."

-Tom Roberts, CEO SMP Tech, Inc

Hott Seatt

Double the Heatt...
for your Seatt

The Hott Seatt is the revolutionary new travel cushion that heats up in seconds and lasts for hours! Stay warm on the bleachers, in the golf cart, on the boat, or in the deer blind!

Benefits:

- 1) Highly Water resistant.
- 2) High heat setting is the HOTTEST on the market.
- 3) High heat setting for 4.5 hours, 7 hours on medium, and 10 hours on low.
- 4) Car charger for on-the-go lifestyle.
- 5) Patented *Intelli-pulse* chargeable batteries that last twice as long as standard batteries and re-charge more times, faster.
- 6) Made from heavy duty materials for increased durability.

Who Wants a Hott Seatt?

Fishermen

Highly Water Resistant, Hott Seatt can be safely used on the boat, adding comfort to any fishing trip.

Hunters

Made to be "Active Life Durable," Hott Seatt will keep you warm in the blind, on the ground, or in the trees.

Golfers

The Hott Seatt is portable and heats in seconds, keeping your spot warm on the cart throughout the entire course.

Sports Fans

Hott Seatt has the longest lasting battery on the market, keeping you warm through the longest of games, whether you are a die-hard fan or a dedicated soccer mom.

What Makes Hott Seatt Different?

Patented Battery Technology

Using P3's patented technology, the Hott Seatt's rechargeable battery pack can run for hours on a single charge and recharge more often and more efficiently than standard batteries.

Stays Hotter, Longer!

Hott Seatt's high heat setting is 10 degrees hotter than competitors, and can maintain high heat for 4.5 hours. On the medium heat setting, it can maintain heat for up to 7 hours, nearly twice as long as any other cushion on the market.

Built Tough

Hott Seatt is made with high quality materials to create durability for those who live active lifestyles. Durable and highly water resistant, Hott Seatt is made to work in the woods, on the boat, or in the bleachers.
